Sir:

We are filing herewith at the instructions of Brewer & Son, London, England, an application for United States Letters Patent in the names of Albert DUNN and Richard Sutton RANSOM, executed August 12, 1983 in England relating to STEERING OF MISSILES, this application corresponding to a British application which has been maintained in a confidential status by the British Government and prohibition thereof has been prohibited under Section 18 of the British Patents Act 1949.

Permission to file this application in the United States has been effectively granted only on condition that precautions be taken to prevent unauthorized disclosure of the invention, and Brewer & Son has been instructed to request that the application be made confidential in the United States Patent Office. See the herewith British Comptroller's Permit to file this application in the United States. It is believed that disclosure of this invention would be detrimental to the public safety or defense of the United States, and it is respectfully requested that the Patent Security Group 220 issue a secrecy order pursuant to Article III of the United States/United Kingdom Agreement of January 19, 1953, on Interchange of Patent Rights and Technical Information (T.I.A.S. 2773).

Respectfully submitted,

CUSHMAN, DARBY & CUSHMAN

PATENTS ACT 1977  
CONDITIONAL PERMIT FOR FILING A PATENT APPLICATION OUTSIDE THE  
UNITED KINGDOM

Application No. 8203829

Filed 10 February 1982

On 12 February 1982  
On.....directions were given under Section  
22(1) prohibiting publication of information contained in the  
above-numbered application for defence reasons. These directions  
are still in force, but the applicant(s) is/are hereby  
authorised to apply in.....United States of America.....  
for grant of a patent in respect of matter contained in the  
application, subject to the conditions set forth below:-

- (1) The application has been classified by a defence authority of the United Kingdom as....Confidential..... and the receiving Government shall be requested to place the corresponding application in secrecy and accord it at least the equivalent security classification.
- (2) The corresponding application shall be abandoned if this action becomes necessary to ensure secrecy.
- (3) All correspondence relating to the corresponding application shall be transmitted solely through officially recognised adequately secure communication channels. All persons in the receiving country required to deal with the patent application there shall have been authorized to have access to such security classified information and be able to provide adequate physical security.
- (4) The applicant(s) shall make available to the receiving Government for defence purposes a copy of the application filed in that country.

This permit applies only to matter disclosed in the United Kingdom application, and it does not authorise the making of an application under the European Patent Convention or the Patent Cooperation Treaty.
